**The Die of Consumption.**

**B**EWARE OF THE DESTROYER.—How many persons put themselves into the hands of quacks and charlatans, and to their health later on, lost their lives. Look around us, particularly in our city, and we will daily behold hundreds of persons, whose constant tenacious keeping up with disease of the lungs, and protracted cough, caused serious suffering with perhaps, temporary relief of their serious symptoms. May this warning awake them in this season, and the longer it is left, which is to be found in Dr. Duncans' EXPECTANT REMEDY, the more temporary symptoms that lead to CONSUMPTION. This medicine immediately increases the power of the lungs, and gives them strength and support to the entrails, thus causing the lungs to throw off the viscous sediment in that accumulates and settles upon them.

Read the following Case and Cure:

Let all the World know the sound-rib efficacy of Dr. Duncans' EXPECTANT REMEDY!

For the cure of CONSUMPTION, and the symptoms indicating "going into a decline."

Dr. Duncans'—Dear Sir.—The undersigned, a patient under my care, and your弟子, has been ill for a long time, and I am anxious to know what no medicine I could prescribe would afford him any relief. I was therefore desirous to test your EXPECTANT REMEDY, at the same time, however, I did not dare to do so, as I was afraid it would not please the patient, I allowed him to send to your agent in Worcester, Dr. J. P. Conner, for the medicine, which he did, and used it with great success. It has now been in use with me, and truly to my satisfaction. I found my patient fast improving, which he continued until he became perfectly well. I believe he used only Dr. Duncans' EXPECTANT REMEDY, and that it was the strength and support to the entrails, thus causing the lungs to throw off the viscous sediment in that accumulates and settles upon them.

Yours respectfully,

R. H. WILKINS, Wayne County, O.

More Cures performed by Dr. Duncans' Expectant Remedy!

Dr. Duncans'—Dear Sir.—Your very interesting article, I have read with great interest, and in June last, when you gave me my first trial, and informed me that he could not be cured, that nothing more could be done for him, I was greatly disheartened, and induced him to send to David P. Holloway, who is engaged in that place, for the medicine, which he did. Before using two bottles, he found that he had a great improvement, and was soon well again. He said that this medicine was certain to cure him as well as ever. He sent for six bottles more, and is happy to state to those affected, that he has used them in his home in Worcester, and has had a most decided improvement. He was greatly relieved in his condition, and has been able to put him in a position to exert himself to the best advantage. The removal of the first symptoms leading to Consumption. Please inform me if you think it advisable for me to use the medicine any longer.

Yours truly, and ever grateful,

NORCE BURNS, No. 10, State St., Worcester, Mass.
